Please enter the main text of your abstract here. Make it as concise as possible indicating its main scope, methods, data, main results achieved and a short conclusion statement. The abstract should be 100-500 words long. Do not include equations, figures and references in your abstract. Use standard abbreviations for units of measurement. Other abbreviations should be spelled out in full at first mention, followed by the abbreviation in parentheses. Please proofread carefully (abstracts submitted with errors may be published as submitted). It is suggested that you use your word processing program to assist with checking for grammar and spelling errors, as well as word count. Please check the detailed description of the GGHS2024 sessions in order to identify the one that better suits your research. The title, authors, affiliations, keywords, etc. do not count to the 100-500 word limit.

Keywords: keyword1, keyword2, keyword3, keyword4, keyword5
